

## **Fred on Tour**

### ***The police officer of Campus Uilenstede to the rescue!***

Sunny days, BBQ's, parties and open windows; good weather means having a good time at Uilenstede Campus! Fred, the police officer of Uilenstede, totally agrees: he wants to make sure every resident enjoys living at the campus. With Fred's help, you can guard the safety of your own, your neighbours and your building.

### **Imagine...**

You are hosting a big party with your neighbors. More and more guests are coming in and you have to open the door every minute. You decide to put an empty beer crate in front of the door to keep it from being closed. Problem solved! You are in full party mode again until you see a couple of unknown guests. 'They're probably the new neighbours friends, nothing to worry about'. A couple of hours later, after a great party, your expensive camera and laptop are missing. The unknown guests probably weren't friends after all.

Police officer Fred can help! Fred will tell you everything you need to know about keeping unwanted guests out of your building, how to handle situations in which you feel threatened and how to prevent your laptop with important school work from being stolen. Fred: "I can show you how to defend yourself from intruders and other danger, in other words: how to make YOU feel safe on campus!"

### **Do you want to know all the tricks to guard your safety?**
